1970

When I grow up to be a man  
I won't lie for you  
I won't die for you  
'Cos I think you're wrong  
Mister president  
You've got to get  
Yourself together  
You ask me  
If I'll be your friend  
I can't tell you right now  
I might be making a vow  
And I could be wrong  
I've got to get  
Myself together  
Du du du...

When I grow up to be a man  
I won't lie for you  
I won't die for you  
'Cos I think you're wrong  
Mister president  
You've got to get  
Yourself together
