you and me, always you held my head above the waves paddling around pretending that it was not too cold it was but when you were there

our shadows softly on the grass day would break we'd have our last our shirt-tails in the wind seems like yesterday my friend i know that we were scared hurt because you were not there i know i want it all wish the sky would fall on me

you and me, always always

our shadows softly on the grass day would break we'd have our last our shirt-tails in the wind seems like yesterday my friend i know that we were scared hurt because you were not there i know i want it all wish the sky would fall on me

i'm not through i'm not through i'm not through i'm not through i'm not through

i'm not through

i'm not through i'm not through

i'm not through

i'm not through

i'm not through
