You can give up if you like, your head's lying down at
your feet

You can call on the phone anytime you want to talk to
me

If you know who you are, you can always go round and
see

If you don't and you're scared concentrate and grit
your teeth

I'm watching the radio 'cause I don't compare

I'm watching the radio but it's the television looking at
me

Woa

Woa

Woa

Woa

Feathers will fly if you shoot a bullet full of bubble gum
At my throat or my heart, I'm protected by a humming
bird

Receive only luck if you can it wouldn't be a constant
mistake

Overflowed but underworn so please come follow me

I'm watching the radio 'cause I don't compare

I'm watching the radio but it's the television looking at
me

I'm watching the radio 'cause I don't compare

I'm watching the radio but it's the television looking
The television looking at me

Woa

Woa

Woa

Woa

(I will claw at your own feet)

Woa

(Just because it tastes so sweet)

Woa

(Take it out quiet star)
Woa
(It's not like you're in need)
Woa

I'm watching the radio 'cause I don't compare
I'm watching the radio but it's the television looking at
me
(I will claw at your own feet)

I'm watching the radio 'cause I don't compare
(Take it out quiet star)
I'm watching the radio but it's the television looking
The television looking at me

Woa
Woa
(Television looking at me)

Woa
Woa
(Television looking at me)

Woa
Woa
(Television looking at me)
