You say "I love you, boy"
I know you lie
I trust you all the same
I don't know why

'Cos when my back is turned
My bruises shine
Our broken fairytale
So hard to hide

I still believe
It's you and me to the end of time

When we collide we come together
If we don't we'll always be apart
I'll take a bruise, I know you're worth that
When you hit me, hit me hard

Sitting in a wishing hall
Hoping it stays right
Feet cast in solid stone
I got Gilligan's eyes

I still believe
It's you and me to the end of time

When we collide we come together
If we don't we'll always be apart
I'll take a bruise, I know you're worth that
When you hit me, hit me hard

'Cos you said our love
Was letting us go, guess what
Our future is for
Many of horror
Our future's for
Many of horror

I still believe
It's you and me to the end of time

When we collide we come together

If we don't we'll always be apart
I'll take a bruise, I know you're worth that
When you hit me, hit me hard
