Id like to be a soldier of war over the sea to you my
dear
You always stared at me blankly we said wed always
care my dear
Im your soldier you're my soldier
Im your soldier you're my soldier
Id like to see the pain in your eyes like me
Id like to be a soldier of war over the sea near you my
dear
You always stared at me blankly we said wed always
care my dear
Id like to be a soldier of war over the sea near you my
dear
You always stared at me blankly we said wed always
care my dear
Now the stars don't shine and the birds don't sing
anymore
Its not the same
Now the stars don't shine and the birds don't sing
anymore
Its not the same
These are small victories
These are small victories
