Say nothing's better
(You say nothing better)
Say nothings better than the rest
Say hope you're better than the rest
'Cause you talk a good game

Your sensations are suffering
I'll make your sensations suffer
Through these long sadistic eyes

And you see the way I collide with you
I hope you see straight
Tonight I'm in a rage
Tonight I'm in a range

Say nothing's better than the rest
'Cause you talk a good game

My sensations are suffering
My sensations are suffering
Through these long sadistic nights

And you see the way I, collide with you
I hope you see straight
Tonight I'm in a rage
Tonight I'm in a range

Once again, you've missed the point

These strange explosions hit me, like a fist of light
These strange explosions hit me, like a fist of light
These strange explosions hit me, like a fist of light
These strange explosions hit me, like a fist of light

These strange explosions hit me, like a fist of light
(Do you believe that I can?)
These strange explosions hit me, like a fist of light
(Do you believe that I can?)
These strange explosions hit me, like a fist of light
(Do you believe that I can?)
These strange explosions hit me
