Cold women with warm hearts
Is my kind of woman
I said, cold women with a warm heart
Is my kind of woman

You got a woman that's cold
9 times out of 10 she can't be stole
You got a woman that's hot as fire
You can wave your baby, bye bye

When she's hot you know she's hot
You can't please her with what you got

'Cause
Cold women with warm hearts
Is my kind of woman

You got a woman that's hard to get
9 times outta 10 the lil' girl will stick
You got a woman that talks to every man that hits
When you get home she might not split

If you talk to her long enough
You can say bye bye to your good, good stuff

'Cause
Cold women with warm hearts
Is my kind of woman

When she's hot you know she's hot
You can't please her with what you got

Because
Cold women with warm hearts
Is my kind of woman

You got a woman that don't like to laugh and grin
She'll stick with you buddy through those thick and thin
But if you got a woman that likes to flirt
You can call your family doctor 'cause you're 'bout to
get hurt

If you got a woman, can't count her fingers and toes
It's no telling how many men have seen her exposed,
no

Cold women with warm hearts
Is my kind of woman
