Dreamed I killed God, and woke up  
Dreamed I killed God, and woke up  
He's begging, "Please, please, please."  
"No, don't..."

Dreamed I killed God and woke up  
Time dries, time dries my mind  
Oh, I'll survive, no one can save us  
Talk to myself, talk to my soul

I want you to follow  
Yes, follow...  
It's only, it's only a dream, only

Dreamed I killed God and woke up  
He was lying, bleeding, wishing

It's passing  
It's passing  
Dreamed I killed God  
Dreamed I killed God  
Is he dead?  
And then I dreamt of him
