Honey, honey, come and dance with me  
Honey, honey, come and dance with me  
Oh, I say, oh, look here  
Oh, it's a lovely night  
And I feel fine, I feel alright tonight  
And I see you there  
I remember callin' love  
Facing, oh, sittin' by yourself  
But I don't want to see you blue, no  
I don't want to see you in the corner by yourself  
Come on now, girl, lovely, lovely, lady  
How 'bout you, how 'bout you, how 'bout you  
Come and dance with me?  
Honey, honey, come and dance with me  
Honey, honey, come and dance with me...  
Boyd...  
(Scat lesson)  
Boyd...  
Honey, honey, come and dance with me  
Honey, honey, come and dance with me...  
Honey, honey, come and dance with me  
Honey, honey, come and dance with me...  
Oh, I love tonight  
I must go sit down, take the girl of the night  
To warm you up  
How much time, how much time  
Should I take from the night  
To warm you up?  
Sweet honey, honey, come and dance with me  
Honey, honey, come and dance with me...  
Honey, honey, come and dance with me  
Honey, honey, come and dance with me...  
"The lovely ladies..."
