Lies and reason you give  
Too much is not enough  
Leave, what you see leave alone  
Someone else to go

Romance holds you to tea, yeah  
Sip it like you're typical  
My love is what you make of it  
Brothers and sisters, it's not enough...  
Not enough

Talk, call, talking of leading the way  
Won't ya give any lie?  
Of all the ways  
Won't ya lie with me?

Man, I've no Raven to see here  
Flies the blackest way  
What you give when you get nothing  
Is everything you give

All been tossed away  
Read, light your morning candles  
Make your way  
All wise men today grieve  
It knows no better thing

All I leave here, a way to send you all down, down,

All my worries is where the girl will be found, found,

Oh, sweet juice  
Drink tonight  
Take me while I'm out

No, no Raven to see here  
It imitates beauty well  
Black bird from a dark Heaven  
Oh, won't you keep living a lie

All God tossed away  
Read while you know  
You know things fade to grey  
Oh, what came of grace  
Oh, the morning and the rain

All my worries warn enough to roam, roam, roam  
Fade away here, the girl will go round and round and  
round  
Hey, love...  
What was the greatest thing you  
Moments in the cold rain  
Here to say there's nothing great that you wouldn't do

Fly, Raven...  
Won't you guide me?  
Oh, what's the reason?  
Won't you guide me?  
Wait, now, what is the Raven?  
Won't you co
