Everyday, Everyday with you  
Every little thing you do the way you do  
Little darlin' in your eyes  
Got me all up and away  
You get me high

I saw you there since then everyday  
It's like I'm lost and thinking of you in everyway  
Since I fell into your eyes  
All I know is that you get me high  
You get me high

Like I'm dy-ewwwwhoooo  
Up and away  
You take me baby  
Ohh you take me baby

And then you walk the way you walk  
You blow my mind to know the way you walk in my way  
Then I fall into your eyes  
Up up and away the way your eyes

Ohh baby  
The way you make me high

Before you came you know I didn't care  
It's just a game I play  
All up and away, I  
All up and away  
You take me baby

All for you I give it all  
Cause when I'm thinking of you  
When I'm flying above the world  
How I wish I was drowning in you  
I must admit that I'm oh so in love you know  
Please don't ever let me go  
You've done nothing to me but up up and away you go  
All up and away  
Ah you take me baby  
Yeah  
Mmmmm baby

Awww baby
