When the world ends, collect your things  
You're coming with me  
When the world ends, you tuckle up yourself with me

Watch it as the stars disappear to nothing  
The day the world is over  
We'll be lying in bed

I'm gonna rock you like a baby when the cities fall  
We will rise as the buildings crumble  
Float there and watch it all

'Midst the burning we'll be churning  
You know love will be our wings  
The passion rises up from the ashes  
When the world ends

When the world ends, you're gonna come with me  
We're gonna be crazy like a river bends  
We're gonna float through the crisscross of the  
mountains  
And watch them fade to nothin'

When the world ends  
You know that's what's happenin' now  
I'm gonna be there with you somehow

I'm gonna tie you up like a baby in the carriage car  
Your legs don't work 'cause you want me so  
You just lie spread to the wall  
The love you got is surely all the love I would ever need  
I'm gonna take you by my side and love you tall till the  
world ends

But don't you worry about a thing  
No, 'cause I got you here with me  
Don't you worry about a  
Just you and me, floating through the empty empty  
Just you and me  
Oh graces  
Oh Grace

When the world ends, we'll be burning one  
When the world ends, we'll be sweet makin' love  
Oh you know when the world ends, I'm gonna take you  
aside and say  
Let's watch it fade away, fade away  
When the world's done, ours just begun  
It's done, ours just begun

We're gonna dive into the emptiness  
We'll be swimming  
I'm gonna walk you through the pathless roads  
I'm gonna take you to the top of the mountain that's no  
longer there  
I'm gonna take you to bed and love you, I swear, like  
the end is near

I'm gonna take you up to  
I'm gonna take you down on you  
I'm gonna hold you like an angel, angel  
I'm gonna love you, I'm gonna love you

When the world ends  
I'm gonna hold you  
When the world is over  
We'll just be begin
