Maybe different, but remember  
Winter's cold there you and I  
Kissing whiskey by the fire,  
With the snow outside  
And when the summer comes in the river  
Swims at midnight shiver cold  
Touch the bottom, stars are bright  
With muddy toes

Stay or leave  
I want you not to go  
But you should  
It was good as good goes.  
Stay or leave  
I want you not to go  
But you did.

Wake up naked drinking coffee  
Making plans to change the world  
While the world is changing us  
It was good, good, love  
And you used to laugh under the covers,  
Maybe not so often now  
The way I used to laugh with you  
Was loud and hard.

Stay or leave  
I want you not to go  
But you should  
It was good as good goes  
Stay or leave  
I want you not to go  
But you did.

Remember we used to dance  
And everyone wanted to be  
You and me, I want to be too

What day is it?  
Besides the day you left  
So what to do with the rest of the day's afternoon, hey?  
Well isn't it strange how we change everything we did?

Did I do all that I could have done?

Remember we used to dance,  
And everyone wanted to be  
You and me, I want to be too

What day is it?  
Besides the day you went, hey?  
What day is it?
