Wanna pack your bags, Something small
Take what you need and we disappear
Without a trace we'll be gone, gone
The moon and the stars can follow the car
And then when we get to the ocean
We gonna take a boat to the end of the world
All the way to the end of the world

Oh, and when the kids are old enough
We gonna teach them to fly

You and me together, we could do anything, Baby
You and me together yes, yes

You and me together, we could do anything, Baby
You and me together yes, yes

You and I, we're not tied to the ground
Not falling but rising like rolling around
Eyes closed above the rooftops
Eyes closed, we're gonna spin through the stars
Our arms as wide as the sky
We gonna ride the blue all the way to the end of the
world
All the way to the end of the world

Oh, and when the kids are old enough
We will teach them to fly

You and me together, we could do anything, Baby
You and me together yes, yes
The two of us together, we could do anything, baby.
You and me together yes, yes

We can always look back at what we did
All these memories of you and me baby
But right now it's you and me forever girl
And you know we could do better than anything that we
did
You know that you and me, we could do anything

You and me together, we could do anything, Baby

You and me together yeah, yeah
The two of us together, we could do anything, baby
You and me together yeah, yeah
The two of us together yeah, yeah
The two of us together yeah, yeah
The two of us together, we could do anything, baby

Something small to reach the end of the world
