stay by stopping  
it came out and left me fair  
i wanna stare darling

oh man oh she became a game  
wonder what you meant  
when you said one thing  
i did another

oh hell yeah  
what you'd give to be me  
or what i be  
yeah but stare oh what you do what you do  
but please just stay away from me

and soft you cry just a couple times  
and then i'm gonna get heavy on you  
you say oh this is the last night  
last night i'm coming back  
cause i swear now i know what you do

you're crazy  
if it helps you get by  
i tell you you're crazy  
even so you lie

oh mercy that you did  
come oh so like a train into me  
start her harm  
what do i make of you  
i tell you i make nothing at all

so i offer that do this you did  
you get your time  
and left you there standing  
i look like a fool

but do you salt

when you shed those tears  
falls it ever worse been shed  
i will not swim in the river then

crazy  
once to get by  
i tell you you're crazy  
if you think that'll fly please

you got more time i said  
i wanna give the bone  
you say well i take it back to the top  
you say you wanna start again  
i say no way no way  
but you convince me again  
you get me back there

oh just one time  
i'd like to be standing staring at you  
broken from myself

you're crazy  
once you get by  
i tell you you're crazy  
you wanna live this lie again  
i tell you you're crazy babe  
if you think that'll fly  
oh i tell you you got to be crazy  
if you think that'll fly

i'll try to get tied
