I met a girl named Tara  
She lived in the heart of america  
She liked black caddies  
Listened to puff daddy  
Danced until her legs were sore

She worked around the corner  
At the diner with the grouchy owner  
And her boyfriends shady, dates another girl named  
katie  
he loves her definitely maybe

dont think i can take it  
wake me when its over  
so far away  
i wish that it was closer  
i see you every day  
im too scared to go over  
i wonder what she'd say  
i barely even know her

chorus:  
and how much longer  
will this keep getting stronger  
i wonder what shes doing when im singing myself to  
sleep  
cause hes a faker  
so see ya later  
i wonder when you realize that she means a lot more to  
me

i saw you in the hallway when my last class was just  
over  
it was friday, school was out tonight  
everything seems to be alright  
i said yo are you going to the party at the cove  
hes picking me up six again and i dont wanna  
disappoint my boyfriend

and shes staring at his picture hanging in her locker  
shes telling all the girls about all the things that he  
bought her

i saw what really happened all those times he went for  
water  
when we were at the movie theatre watching harry  
potter  
he had his hands on  
every single girl he laid his eyes on  
hate to break it to you, hes a pylon  
and even when he kissed her  
he was looking over, staring at her sister
