Hey
Mama took everything
See you change and leaving
Come on, come on, baby, yeah
Telling go with you
Man, he don't call back
I'm worried, worried
Take him, take my time to go
And I wonder and I'm happy well say

Yeah, I'm coming
Oh aren't, oh aren't you
Yeah, Tired
And write you, and write you

Yeah, and leave me i'll turn you away
Like a fool
More happy than sad and again
I'm in a hurry, oh
Please don't go away
By the colors out of place
Please don't hurry
Turn your back
Back outside

Yeah, You come
Oh where, oh where
Oh and i tell him, tell him get in line
Oh calling stand again
Watch him, watch him as he smiles
You never can tell it's coming
And i don't want to wonder again
I'm begging you for a female (Sounds like female, at least)
Taking, taking all my time
How old and lay asleep

Oh yeah
I'm coming
Oh aren't, oh aren't you
Yeah, I'm running for ya to, for ya

Yeah, and scurries
And I mind
I don't, I don't

Yeah, leave me back home to my trance
And I'm saying it
Oh, baby
I'm too worried for my health
And the reasons change
Please don't forget
To turn me back
Like a (?)
Please don't worry
Our lover yeah

Yeah, I scream and say
Yeah, turning back, turning back

Oh yeah
Come and turn back the screen
And it's open
Yeah
Darkness it needs me again
Please don't worry
About the colors 'round your eyes
Just because
What lies inside the smile

Oh yeah
Lover lie, lover lie
My running, feet too fast
Well I run back and call it an answer
Come on, come on give me time
And i receive
And i don't even question why
I say I'll come again
I say I'll come again
