Hey little dreamer's eyes open and staring up at me  
Oh little lonely eyes open and radiant

Wait until I come and I will steal you  
Wait until I come I'll take your soul  
Wait until I come and I will steal you  
Wait until I come and I won't go

Darlin' dreamin in the night  
Shadows on the windows  
Lead oh and everyone go  
Well leave me on the night  
I will give you lightning  
I will not relinquish light

Oh little dreamer eyes open and raving here

Wait until I come and see you little girl  
When we come I'll leave with you too  
When we come I'll let you come low

Hey we'll leave it all behind  
Oh and then the nightmares  
I'll fill them in good time  
Oh they will seat your mind  
When the light hits  
And you maybe'll ask me

Why do you run around here  
Why do you come inside of me  
Why does it rip me out in dream  
Why then why then watch this little fuck

Going away

Why this lonely  
Why this lonely  
Why this lonely love

Why this lonely  
Why this lonely  
Why this lonely love

Halloween  
Carry on  
Bury all  
Bury all  
Bury all  
Bury all  
Bury all

And in this dream  
Tell us are you satisfied with fucking

Don't walk away  
Don't walk away  
Don't walk away  
I'm talking to you

Love is hell  
Love is hell  
Love is hell  
Love this I'll tame you

Love  
Love  
Love  
Love this not me here

Love  
Love  
Love  
Love him up to you

\*\*\*\*\*

hey I won't go away ...  
oh one little minute mama see me with you  
one little bitty mama see me with her eye  
one little bitty mama little bitty mama said  
"Lie ..."  
we'll wait a while watch you where you lay  
come into your nightmares  
I'll wash up into your mind  
we'll later leave behind  
humming all the rats well  
I suck up into your mind ...  
calm it down chicken  
minding minding what you turn for  
turn for me you said  
one little minute mama see me with you  
one little bitty mama see me with you  
little bitty mama little bitty mama said "Lie ..."

hey man watch it where you lie  
I come into your nightmares  
I suck up into your mind  
breakfast table you'll be tired  
but I will have you safe  
safe all wound up into your ...  
why do we run around here  
oh why do we run around me  
oh why do we run around here  
oh why do why do what you lit so far ...  
run away ...  
yeah ...  
why you worry  
why you worry  
why you worry  
run love so it  
why you worry  
why you worry  
why you worry  
grave is staying that low  
lie low  
lie low  
tell me are you satisfied with fucking love  
white love  
lie low  
why don't you rest  
  
wait (?)
