My head won't leave me crying
And I lay this one
She won't give me happy
As I lie here alone
My own will give you baby

Call again
Let me be the number
You lead me away again
It was anything I need to
Find my way through this sand (?)
My baby lead my head away
And calling by my head.

Boy
When you away we go
Sending me crawling back over
And crawl back to say

My head, my head won't rely
On the troubles today
And my leave my head in worry
Like the summer rolls
My own won't leave me happy
Don't make me give it back

And on we will go

And have you called me there way before
And I leave this song with you
Feeling colder
than I ever have
She won't be my lady
And some of you fall

And I give you happy
Fools you know
My mind is wide and away
And for well it's gone
And only leave me happy
You wouldn't make me fall

And when we call
Maybe, baby say
And you call
I don't know again
Say too much...
