When was the point that you showed-
Move on to another love
Laughing with kindness
When did you decide to break
How much more will it take for two people to be happy?
But you lied
Looked me straight in the eye
As if you had nothing to hide
With no shame
As if we were still the same
But now I'm back in the game
I'm over you

When did you decide to go?
Were you ever going to let me know?
I was deciding
When did you decide to change?
What did I do that made our situation weary?

When you lied
You looked me straight in the eye
As if you had nothing to hide
With no shame
As if we still were the same
But now im back in the game
I'm over you

Who was the one to tell?
I thought I knew you way too well
But I didn't
The thought of you thinking of him
Assumptions made on a whim
Drives me crazy

'Cause you lied
Looked me staight in the eye
As if you had nothing to hide
(But I know you did)
With no shame
As if we still were the same
But now I'm back in the game
I'm Over you
