Don't give up
I know you can see
All the world and the mess that were making
Can't give up
And hope God will intercede
Come on back
Imagine that we could get it together
Stand up for what we need to be
Cause crime won't save or feed a hungry child
Can't lay down and hope for a miracle to change things
So lift up your eyes
Lift up your heart

Singing mercy will we overcome this
Oh one by one could we turn it around
Maybe carry on just a little bit longer
And I try to give you what you need

Me and you and you and you
Just want to be free yeah
But you see all the world is just as we've made it
And until we got a new world
Got to say that love is not a whisper or a weakness
No love is strong
So we got to get together yeah
Gotta get gotta get gotta get
Til there is no reason
To fight

Mercy will we overcome this
Oh one by one could we turn it around
Maybe carry on just a little bit longer
And I try to give you what you need

Yeah...
Ah...
Oh...
Yeah...

Mercy will we overcome this
Oh we come to far to turn it around
Oh and asked too much to be a little bit stronger

But I want to give you what you need

Mercy what will become of us
Oh one by one could we turn it around
Maybe carry on just a little bit longer
And I try to give you what you need
