Oh, my head lay back on the seating
Been so tired, throw away my surrounding
Like the sun and moon take for granted
Soon we move through the flood and we fade away

Lie about it,
Cry about it,
We'll be ok

Lean upon me,
I'll lean upon you,
We'll be okay

Oh, I lay myself at your feet laughing
Hope mine eye made of the soul choir

Lean upon me,
I'll lean upon you,
We'll be okay

Lie about it,
Cry about it,
Soon fade away

Lie about it,
Cry about it,
We'll be okay

Lean upon me,
I'll lean upon you,
We'll be okay
