Please find your place
The room grows scarce
Once we're all inside
The service can begin
For a moment, if you please
Forget what you believe
And naked, you will see
That we are all the same

But how, your kiss
Your words, your lips
Your flesh, your bones
Exactly what you need
Your flesh, your bones
Exactly what you need

Drum beats louder
Drum beats louder

Why should I feel intrusion?
Why be afraid of what we do not understand?
To eliminate exclusion
Cut out the differences to feel like we belong

Drum beats louder
Drum beats louder

Open up your head
Open up you primitive
Open up your mouth
Open up your head
Your sweet primitive
Open up your mouth
It's coming out

Out there, no food or drink
How many days do you think you'd last
On your diamonds and your pearls?

I'm not a king, no, not a hero, not a fool
I'm not perfect, I'm flesh and bone
And I'm exactly what you need

Drum beats louder

Open up your head
Open up you primitive
Open up your mouth
Open up your head
Your sweet primitive
Open up your mouth
It's coming out
Open up your head
Scream, you sweet primitive
Tell me what you said

But how, your kiss
Your words, your lips
Not a gun to your head
You're gonna die before you're dead

Not sad, when you're gone
But when your light's still on
Your dreams wont let you fly
Don't be dead before you die
Hunger, till fed, give love instead
When it gets inside, watch the dead man squirm

Above all things
If kindness is your king
Then heaven will be yours before you reach your end
