Dave Matthews Band  
Before These Crowded Streets  
Halloween  
Hey little dreamer's eyes open and staring up at me  
Oh little lonely eyes open and radiant

Wait until I come and I will steal you  
Wait until I come I'll take your soul  
Wait until I come and I will steal you  
Wait until I come and I won't go

Darlin' dreamin in the night  
Shadows on the windows  
Lead oh and everyone go  
Well leave me on the night  
I will give you lightning  
I will not relinquish light

Oh little dreamer eyes open and raving here

Wait until I come and see you little girl  
When we come I'll leave with you too  
When we come I'll let you come low

Hey we'll leave it all behind  
Oh and then the nightmares  
I'll fill them in good time  
Oh they will seat your mind  
When the light hits  
And you maybe'll ask me

Why do you run around here  
Why do you come inside of me  
Why does it rip me out in dream  
Why then why then watch this little fuck

Going away

Why this lonely  
Why this lonely  
Why this lonely love

Why this lonely  
Why this lonely  
Why this lonely love

Halloween  
Carry on  
Bury all  
Bury all  
Bury all  
Bury all  
Bury all

And in this dream  
Tell us are you satisfied with fucking

Don't walk away  
Don't walk away  
Don't walk away  
I'm talking to you

Love is hell  
Love is hell  
Love is hell  
Love this I'll tame you

Love  
Love  
Love  
Love this not me here

Love  
Love  
Love  
Love him up to you
