The brightest star on a cloudless night
Some kind of miracle, almost empty sky
Infact as sure as God is a monkey's dream
And ate that mushroom and believe what he sees

Trouble with you is you always wanna find the fire
Sittin' warmin' your hands by the fireside
Trouble with you is you're always lookin' way outside
(Way outside)
Oh, why not enjoy yourself by the fireside?

Just as the bite of the blade wakes the absent mind
There's time to dream and there's time to open your
eyes
She said, just as the warmth of a kiss brings the love
alive
It's right here by the fire where the answers lie

Trouble with you is you always wanna find the fire
Oh when you're warmin' your hands by the fireside
Trouble with you is you're always lookin' far and wide
(Way outside)
Oh, why not enjoy yourself by the fireside

She said, "Why you always lookin', always lookin'?"
She said, "Why you always lookin' outside?"
She said

The trouble with you is you're always lookin' for the fire
When you're warmin' your hands by the fireside
The trouble with you is you're always lookin' far and
wide
(Way outside)
Oh, why not enjoy yourself by the fireside?
(Way outside)

The trouble with you is you're always lookin'
somewhere else
(Way outside)
Oh, then what you see there beside yourself
The trouble with you is you're always lookin' for the fire
(Way outside)

Oh, why not enjoy yourself by the fireside?

Oh, why not enjoy yourself by the fireside?

She said, "Oh, why not enjoy yourself sittin' by the fire?"

She said, "The trouble with you, the trouble with you"
