want to pack your bags something small
take what you need & we disappear
without a trace, we'll be gone, gone
The moon & the stars follow the car
& then when we get to the ocean,
we're going to take a boat to the end of the world...
all the way to the end of the world
oh and when the kids are old enough
we gonna teach them to flyyyyyyy

you & me together we can do anything, baby
you & me together yes, yes
you & me together we can do anything, baby
You & me together yes, yes

You & I we're not tied to the ground,
not falling but rising like, rolling around
eyes closed above the roof tops
eyes closed we're gonna spin through the stars
our arms wide as the sky, we gonna ride the blue
all the way to the end of the world,
to the end of the world

oh and when the kids are old enough

we gonna teach them to flyyyyyyy

(chorus)

you & me together could do anything, baby
you & me together yes, yes
you & me together we can do anything baby
You & me together yes, yes

we can always look back at what we did
always remembering you & me baby
But right now it's you and me forever girl
you know we could do better than anything that we did
you know that you and me we could do anything

jam

you & me together c' do anything, baby

you & me together yeah, yeah

two of us together we c' do anything, baby
you and me together, yeah yeah
the two of us together yeah, yeah
the two of us together, we can do anything baby

something small, told her at least, the end of the
world,
