Oh, You packed me away in the trunk of your car
You drove me so fast and so far
I tried to fight, but its too hard
My only momento is this car

Where were you when i need you?
Somethings missing and I cant breath.
Where were you?
Where were you?
Somethings missing
You abandoned me

Oh
When you look deep into my mind
That is so tired and weak from this light
On the ferge of fear all of the time
I feel like you left me to die

Where were you when I needed you
Somethings missing and I cant breath
Where were you?
Where were you?
Somethings missing
You abandoned me

Shaking in my boots
You shook me down
You never took me down
Shaking my foundation not to be found
Never to be found
Where were you?
Where were you?
You abandoned me
You abandoned me
(x3)
You abandoned me (x6)
