"Moment Of Weakness"

I stand in the pouring rain
You couldn't even be there to pick me up
You're taking me for granted, again
You're running outta time, and you're outta luck

Just a moment of weakness
I should examine my head
Just a moment of weakness
I never meant a word I said

I'm sick with the Beijing flu
And you chose then not to come home
A week later I caught you
Kissing a girl who was my clone

Just a moment of weakness
I should examine my head
Just a moment of weakness
I never meant a word I said

Yea aa I said

Oh, why should I stay and pretend?
You make me laugh again
My darling, truth is, we are not even friends
Oh, love comes and it goes
Where your heart stops, no one knows
How did I wind up in the mess, here with you?

Just a moment of weakness
I should examine my head
Just a moment of weakness
I never meant a word I said

Just a moment of weakness
I should examine my head
Just a moment of weakness
I never meant a word I said

Not a word I said
Not a word I said
Not a word I said

Didn't mean a word of it
