Its spreading from my lungs
Our lips have come undone
And you say it's nothing
To discuss like eagles
And I'm floating face down

No sense makes sense to me at all
But your expression says it all
No sense makes sense to me at all

Its spreading to my tongue
Insert your own joke here
Quick unstitch my eyes
Before they stick together

And you say it's nothing to discuss like eagles
And I'm floating face down

No sense makes sense to me at all
But your expression says it all
No sense makes sense to me at all

... said you'd never
But you keep what you hold
This changes everything
And what i want to say
I'm taking it back, taking it back from your history

The chase is everything,
Everyone can see,
Release the volume of our history
