What you wanted I can't give you, what you said was
true now my old friend
You can have it but I wanted everything

I can't remember now, it was September, now, I can't
remember, now
Travis Perkins, I can't remember my head float away...
Cause I love you and I needed you to stay

I can't remember now, I can't remember now, Travis
Perkins now
Trust me once I think I needed everything to be that
way
But I miss you all the same
And I can remember my head blown away
Cause I love you and I needed you to stay
