Sun will shine no matter what I do
Sun shines bright now with you
What a wonderful thing for you to do
Moon shine bright
Reflection in your eyes
A finer place he could not find

Winter's cold
Spring erases
And the calm away by the storm is chasen
Everything good needs replacing
Hope all these changes happen with you

In my life
Never before have I a lover so adored
Her eyes
Her hair
Everything she says
My delight can tickle me inside
Touch my heart
Touch my mind

No matter what's inside I'll
Give to her
No need to satisfy my hunger
Lost in her
And while I spend these hours
Five senses reeling
With biggest steps I'm running
After her I will run

Winter's cold
Spring erases
And the calm away by the storm is chasen
Everything good needs replacing
Hope all these changes happen with you

Sun will shine no matter what I do
Sun shines bright now with you
Touch my heart
Touch me through

No matter what's inside I'll
Give to her
No need to satisfy my hunger
Lost in her
And while I spend these hours
Five senses reeling
With biggest steps I'm running
After her I will run

After her
After her
After her
