If I go  
Before I'm old  
Oh, brother of mine  
Please don't forget me if I go

Bartender, please  
Fill my glass for me  
With the wine you gave Jesus that set him free  
After three days in the ground

Oh, and if I die  
Before my time  
Oh, sweet sister of mine  
Please don't regret me if I die

Bartender, please  
Fill my glass for me  
With the wine you gave Jesus that set him free  
After three days in the ground

Bartender, please  
Fill my glass for me  
With the wine you gave Jesus that set him free  
After three days in the ground

I'm on bended knees, I pray  
Bartender, please

When I was young, I never think about it  
Now I can't get it out of my mind

I'm on bended knees  
Father, please

Oh, and if all this gold  
Should steal my soul away  
Oh, sweet mother of mine  
Please redirect me in this gold...

Bartender, you see  
The wine that's drinking me  
Came from the vine that strung Judas from the Devil's

tree  
His roots deep, deep in the ground

Bartender, you see  
The wine that's drinking me  
Came from the vine that strung Judas from the Devil's  
tree  
His roots deep, deep in the ground

In the Ground...

I'm on bended knees  
Oh, Bartender, please

I'm on bended knees  
Father, please

When I was young, I never think about it  
Now I just wanna run and die

I'm on bended knees  
Oh, Bartender, please  
Bartender, please...
