Crazy as I may
Make my way through this world
It's for no one but me to say
What direction I shall turn in now
I am the captain now of this ship
Curious hands and fingertips
Day after day how I long for you my love
How I long

Strange but it seems
Like there's a mutiny brewing inside of me now
But I don't want your pity only the promise that
You'll stay with me tonight

Now, I am the captain now of this ship
Curious hands and fingertips
But day after day how I long for you like crazy
Oh our love - how you do me
Oh my love - come on let's go again
Oh our love - everything
Oh won't you play with me again?
Got all night

The same old song...
Won't you come stay
All my life, after all
How could I even try to fight
After falling into your arms?
Oh mesmerized by your smile
And the way it lights up under your eyes
Oh how could I even try
Love, won't you stay with me?

Oh our love - how you do me
Oh my love - come on let's go again
Oh our love - everything
Oh, won't you play with me again?
We got all night

The same old song
Won't you come dance with me
My love, after all?
