Dreamed I killed God and woke up
I dreamed I killed God and woke up
He was begging please,
Please, please, no don't
I dreamed I killed God and woke up

Rain on me in my dream, ah
And time drive, and time drives my mind
Oh Im not safe
And no one can save you
For some reason talk to me
I talk to you, I talk to myself
Talk to someone else
Oh, yeah, yeah

I want you to follow, just follow
Its only a, it's only a dream, it's only a
I dreamed I killed God and woke up
He was lying, bleeding
Wishing she was, she was
Here now, yeah, yeah
He died, it's passing
Its passing, hopefully
Hopefully, do what I did
I dreamed I killed God, I dreamed I killed God
I dreamed I, is he dead
I remember thinking so, they said he was, he was, he
was dead
Couldnt have been I dreamt it again

Oh,yeah
