Hello how are you doing today
I hope I find you feeling healthy
I'm so glad our paths crossed this time today
On our way into the night

We find love it's hiding there
In the shadows in the darkness
Maybe you and I
Could bring it to the light
Love when I approach the tears
They fall like rain
You tell me baby your hearts into a thousand pieces

Now stop only old and wise with clouded eyes
You can't see what I can, but I
Blindly throw my faith to the face
Of the next good thing that comes my way

So here we are all of us stand around
We're leaning heavy on each other
Always wondering what is it that lies behind
The worried eyes of one another

I believe it's love that's hiding there
Inside you and inside me
Maybe the two of us could bring it to the light
Love when I approach the tears they fall like rain
You tell me baby your heart's into a thousand pieces

Now stop only old and wise with clouded eyes
You can't see what I can, but I
Blindly throw my faith to the face
Of the next pretty girl that comes my way

I say it's love that's inside here
Come on out and sell it, listen
Maybe you and I could bring it to the light
Love with my approach the tears they fall like rain
You tell me baby your heart's into a thousand pieces

Love
Baby

Love
Baby
Love
Baby
Repeat to end
