How many more nails
You gunna drive through my heart
It was different from the...
How many more knives into my back, Jack

How many more broken hearts
Can you stand through all the rain
How many more nails
You drive into my heart

How many more, baby
Haw many more times tried,
Oh, oh, oh
How many more, baby
Will you go and leave me alone,
Leave me alone...

How many more times you like me to beg you,
To leave e behind, oh
How many more nails, baby
Will you drive into my heart, baby

How many more days
You drive in
How many more times
You fill me with life
How many more hours
Must I wait at night
For you to walk back through the door, baby

How many more nails
How many more knives through the back
Oh, How many more nights.....
