Little red bird  
Under a chair  
Waitin' for the crumbs to fall  
Daddy said "get a job"  
But don't you see daddy,  
how good I am at catchin' crumbs?

Guns, and Gods, and little red birds  
Guns, and Gods, and little red birds  
Dontcha see daddy, how good I am at catchin' crumbs?

General Custer, it says  
Overestimated his abilities to win  
Sitting bull turned the table on him  
He comfort to count the battle won  
After the war is lost

Guns, and Gods, and little red birds  
Guns, and Gods, and little red birds  
He comfort to count the battle won after the war is lost

(Instrumental)

Comfort to count the battle won after the war is lost

If there was a place  
Hidden in the stars  
Reflected on Heaven's graces  
And if God had an honest face  
A troubled expression would be watchin' the human  
race

Little red bird
