So here we are tonight
You and me together
Wicked storm outside
And the fire's bright
Oh, and in your eyes
I see what's on my mind
You've got me wild
Turned around inside

Oh and that desire, see
Is creeping up heavy
Oh inside here
And the way I feel
Same way as I do now
Let's make this an evening
Lovers for a night, lovers for tonight

Why n' stay here with me, love, tonight
Just for an evening
And when our love makin'
A room of passionate pictures
You and me twist up a secret creature
And we'll stay here
Tomorrow go back to being friends
Yeah, Oh, go back to being friends

But tonight let's be lovers,
We kiss and sweat
We'll turn this better thing to the
Best of all it can offer
Ah, let's focus
Tangled tongues and lips
D'ya see me this way
I'm turning and turning for you
Ah girl, ah just tonight float away
Yeah, with me for an evening.
Ah, just wait and see
But then tomorrow go back to your man
I'm back to my world
And we're back to being friends
Oh wait and see me
Ah tonight let's do this thing

All we are is wasting hours
'til the sun comes
It's all ours
On our way here, yeah cause
Tomorrow go back to being friends

Yeah, oh go back to being friends
Tonight let's be lovers, oh please
Tonight let's be lovers, say you will
Tonight let's be lovers, oh yeah
Tonight let's be lovers

And hear me call,
Oh soft-spoken whispering now
Well, a thing or two I have to say here
Tonight let's go all the way then
Oh love I can see you
Just for an evening
Oh, let's strip down
Trip out at this
One evening's hour starts with a kiss
And our way yeah, then

And tomorrow back to being friends yeah
And now lover, love you, yeah,
Just for tonight, one night, love you,
And tomorrow say goodbye
Tomorrow say goodbye... (Repeat 2x)
