One last kiss one only
Then I'll let you go
Hard for you I've fallen
But you can't break my fall
I'm broken don't break me
When I hit the ground

Some devil some angel
Has got me to the bones
You said always and forever
Now I believe you baby
You said always and forever
Is such a long and lonely time

Too drunk and still drinking
It's just the way I feel
It's alright
Is what you told me
Cause what we had was so beautiful
Feel heavy like floating
At the bottom of the sea

You said always and forever
Now I believe you baby
You said always and forever
Is such a long and lonely time

Some devil is stuck inside of me
Why can't I set it free
I wish, I wish I was dead and you were grieving
Just so that you could know
Some angel is stuck inside of me
But I cannot set you free

You said always and forever
Now I believe you baby
You said always and forever
Such a long and lonely time

Stuck inside of me
