Stand up! Stand up!  
Stand up! Stand up!  
Stand up!

I woke up to the angels  
Singin' in my head  
You look so good naked next to me  
The angel in my bed

Stand up! Stand up!  
Stand up! Stand up!  
I feel like a drug is cookin' in my veins  
I'm so out of my mind, I'll shoot you up again

Stand up! Stand up!  
Stand up! Stand up!  
Save my soul  
Stand up!

I feel like smoke and fire  
Burnin' us all  
You drop me in the water  
Lift me out, save my soul

Stand up! Stand up!  
Stand up! Stand up!  
Stand up! Stand up!  
Stand up! Stand up!  
Stand up!  
Some one save my soul

Stand up! (x 42, with gibberish sung throughout)
