When I pull the wings off of the fly
The fly never wonders why I did it
When I pull the wings off of the fly
The fly never wonders why I did
You know they didn't ever
Have to love me
No, no, no

And no one ever will ever
Love them now
Oh, oh, but they
They always wanted somehow
To save me
Why, oh, why
For pity's sake, they should've saved themselves
Oh, oh, but you

You always said I never missed a note
I only ever wanted to be with you

I only wanted someone to play
Play, play, play
When I pull the wings off the fly
The fly never wonders why
You know they never really ever had to love me
No, no, no

But no one will ever love them now
Oh, oh, but they
They always thought that somehow they could save me
But why oh why
For pity's sake me, they should've saved themselves
but you
you always said I never missed a note
and nobody ever knew me like you do, you do

You always said it's gonna be ok, ok
I only ever really wanted to be with you
I only wanted someone to play, play, play, play
When I pull the wings off of the fly
The fly never wonders why I did it
