You know the kind of song that'll get you high
When the moon's so big it looks close enough to touch
the sky
When the sun don't reign and the moon won't shine
I got a little thing that'll get you by, just a little while
When you turn it on it's gonna blow your mind
Head over heels you go,
look at you, look at you, fly

Dance and sing,
swing baby, swing
You my queen....you
You swing like a demolition ball
Break them walls down
Go floatin' across the floor
And when you get to the end
You want to start at the beginning again.

I want to write a song that'll get you high
I want to find the words that'll make everything feel
alright now
So in another world and another time, that'll come
along
I'll be the kind of man that'll do you right, Right by you
When you turn it on it's gonna blow your mind
Head over heels you go, look at you, look at you, fly

Dance and sing,
Swing baby, swing
You my queen.....you
You swing like a demolition ball
Break them walls down
Go floatin' across the floor
And when you get to the end
You want to start at the beginning again.

It's gonna blow my mind,
Head over heals for you.
Look at you, look at you, fly.

Dance and sing,

swing baby, swing
You my queen....you
You swing like a demolition ball
Break them walls down
Go floatin' across the floor
And when you get to the end
You wanna start all over again.
