Wanna pack your bags
Something small
Take what you need and we disappear
without a trace we'll be gone, gone
moon and the stars will follow the car
And then when we get to the ocean
Gonna take a boat to the end of the world
all the way to the end of the world

Oh when the kids are old enough
we gon' teach them to fly

You and me together
we could do anything, baby
you and me together yes, yes
you and me together
we could do anything, baby
you and me together yes, yes

you and i were not tied to the ground
not falling but rising like rolling around
eyes closed above the rooftops
eyes closed were gonna spin through the stars
Our arms wide as the sky we gon ride the blue
all the way to the end of the world
to the end of the world

Oh when the kids are old enough
we gon teach them to fly

You and me together
we could do anything, baby
you and me together yes, yes
you and me together
we could do anything, baby
you and me together yes, yes

we can always look back on what we did
always memory of you and me baby
right now its you and me forever girl
you know we could do better than

anything that we did
you know that you and me
we could do anything

you and me together
we could do anything, baby
you and me together yes, yes
the two of us together
we could do anything baby
you and me together yes, yes
two of us together, yes, yes
two of us together
we could do anything baby
