Everybody's got their hands in your pocket and their
feet at your door
Everybody's got a fix and a hit, everybody's got a tale
and some lore
Everybody's got a way and some rain that'll make you
alone
Everybody's got your number my friend, everybody's
gonna call you at home.
Everybody's got their own way out,
Their dreams, their wishes,
Their reason to shout

Everybody's got their own way
To make you dance, to make you pray
To make you give yourself away
