She's playing the news on her piano  
Somewhat drunken fingers moving a little slow  
Don't call her on it, she'll just cry a bit

Said she liked it with your hand on her shoulder  
Said it made her friends seem a little colder  
She likes to think that you're all she's got  
All she's got

She's got church hymns on her lips  
Small hands play me Fur Elise  
Apologizes when she slips  
She's just damned cute when she drinks

Swears I'm her best friend in the world  
Wants to know if I like this kind of girl  
Wants me to at least stay the night

You know I've got things to attend to  
Places to see and people to use  
But I guess I ought to stay if I'm all she's got

All she's got

She's got church hymns on her lips  
Small hands play me Fur Elise  
Apologizes when she slips  
She's just damned cute when she drinks

She told me that she liked my songs  
And that she wanted the world to sing along  
She prayed maybe I wouldn't leave  
Wish I could change my mind, wish this all could be

She's got church hymns on her lips  
Small hands play me Fur Elise  
Apologizes when she slips  
She's just damned cute when she drinks

She's got church hymns on her lips  
Small hands play me Fur Elise  
Apologizes when she slips

She's just damned cute when she drinks
