There's some railroad tracks not far from my house
that we could walk to
It's pretty place, it's a pretty place, but it's really
nothing new

There's a park not far from my house where we could
sit and swing
It may not be what you hoped it'd be, but here's to
simple things

Don't you worry about the past
Such things fade when we're built to last
Don't you hide your tears for me
It's our love they guarantee

I like you and I keep thinking that you might like me too
Will you walk with me, will you walk with me- do you
mind if I kiss you?

One month in and I'm still finding things I love in you

Would you laugh for me, will you sing to me, could you
forget your curfew?

Don't you worry about the past
Such things fade when we're built to last
Don't you hide your tears for me
It's our love they guarantee

Butterflies and careless things
Earthly angels get their wings
I've never been this unafraid

Pretty songs that last a while
Anything to make you smile
Our midnight promenades

Don't you worry about the past
Such things fade when we're built to last
Don't you hide your tears for me
It's our love they guarantee
