It can't be saved this love is beyond repair my dear.  
But at least I'm twice the man that I once was.

Cruel fought hand, Now I will only call you friend my  
heart will not allow the words up through my throat

Cause you walked away, my best wasn't good enough  
for you  
I pulled most of the shrapnel from my heart but I left a  
piece to remind me that

She's the heart juggler but I don't wear clown make up  
or big shoes  
Fire me from the cannon, far away from her tightrope

She promised to never close the door on lust, she  
opens and she slams it as she pleases, juggling hearts  
is a messy business mistress.

A Trojan horse, could not breach yet another turn  
Do you think people deserve a second chance?

A set new course, it's all for horde somebody new  
It's a grand ocean that un-invites bald sailors.

Cause you sailed away, you went to Antarctica, my  
other Bermuda triangle.  
He followed you into the abyss for the sake of an icy  
kiss, like a dog with his tongue hanging out.

She's the heart juggler but I don't wear clown makeup  
or big shoes  
Fire me from the cannon, far away from her tightrope.

She promised to never close the door on lust, she  
opens and she slams it as she pleases, juggling hearts  
is a messy business mistress.

It's cruel to say you love me, my heart is all or nothing  
Put your hair upon my chest, the beating has no soul  
left

And there is so much truth in the space between our  
words and it's clinged to bubbles and it races to the  
surface on an island there's a circus where she resides

She's the heart juggler but I don't wear clown makeup  
or big shoes  
Fire me from the cannon, far away from her tightrope

She promised to never close the door on lust, but she  
opens and she slams it as she pleases, juggling hearts  
is a messy business mistress.

Juggling hearts is a messy business mistress.
