We got a rumble here, everybody knows  
Except you; you're crazy, can handle in the road  
Can't you see there's a jungle here, it's real and it's  
cold

Why the hell can't you sort it out  
The whole thing's set to explode

Chorus:

In a new age Eden

Dream on

Dream on

Dream on

It looks like a graveyard here

But who can tell

Could be a sinking dream

The bottom of a bottomless well

Could be, it's a perfect? war

But it's way too mean

Could be a hurricane, like it said in Time magazine

Chorus:

Or a new age Eden

Dream on

Dream on

Dream on

Deep down in the subways

Way after dark

Some guys singing protest songs

Picking on them guitars

Singing Cane and Abel?

Yes, here it comes again

After a thousand years of this

You'd have thought something here would have  
changed

Chorus

Chorus

It's high time for prayer now

For all gathered in this house

Forget about them Philistines

They ain't never going to work it out

Locked in a room full of mirrors

Waiting for the bell

Brings a seven winds of Hades down at seven minutes

to hell  
Chorus  
We need a new temple here  
The old one's going to fall  
All will be revealed  
All you've got to do is heed the call  
As you toil in silence  
As you work the land  
As you sail across the seas  
As you lend a hand  
Chorus
