I wish you knew how much I love you baby
But it never comes out like I want it to
I wish you knew how much I love you baby
But it never comes out like I want it to
It's like my tongue got disconnected from my brain
And my words get stuck like glue
If you could see me when we're torn apart
My hotel room's like a zoo
If you could see me when we're torn apart
My hotel room's like a zoo
I wanna bring it all back home baby
But I don't have a clue

I've seen a girl in a cat suit
See was hanging from my balcony
I've seen a girl in a cat suit
See was hanging from my balcony
When I asked her what her name was
Was about half past three

Well a Policeman came to see me
Right here in a studio
Well a Policeman came to see me
Right here in a studio
Well I said "Stay a little a while"
He had no place else to go

I bought a big alsasion dog
It just came on a chain
I bought a big alsasion dog
It just came on a chain
He was all about my problems
But he don't know me name

That's why I need you baby
Much more than I can say
That's why I need you baby
Much more than I can say
You never tried to keep me down
I wish you would some day
