Mixed drinks and mixed emotions
Here at the start of a brand new life
All change,
She's having a baby
As lovers turn into husband and wife

Mixed drinks and mixed emotions
Head in the clouds, put your feet on the ground
All change,
She's having a baby
You're growing up now,
You're settling down, down, down

Will it be a boy or a girl?
And what will it think of the world?

All change,
She's having a baby
All change,
She's having a baby

Mixed drinks and mixed emotions
You feel the beat of a brand new heart
All change,
She's having a baby
It draws you close as it tears you apart

Will it be a boy or a girl?
And what will it think of the world?

All change,
She's having a baby
All change,
She's having a baby

Been dreaming about it so long

And now that the moment has come
The fears of the past are all gone
You know it couldn't be better
I swear by the moon up above
I'm feeling a new kind of love

And I hope that it lasts us forever

Mixed drinks and mixed emotions
In at the start of a brand new life
The older men say you can't be jealous when
You love kids like you miss your wife

What will he start to discern?
There's always something to learn

All change,
She's having a baby
All change,
She's having a baby
All change,
She's having a baby

All change,
She's having a baby
(Having a baby)
All change,
She's having a baby
(Having a baby)

All change,
She's having a baby
(Having a baby)
All change,
She's having a baby
(Having a baby)
